THE WAY OF CHINESE CHARACTERS 漢字之道
THE ORIGINS OF 400 ESSENTIAL WORDS

By Jianhsin Wu, Illustrated by Chen Zheng and Chen Tian

The Way of Chinese Characters is a beautifully compiled book that explains the origin of 400 basic Chinese characters. The story of each character is told through a concise, bilingual explanation of its origin, meaning, and evolution. Illustrations accompany each character and serve as helpful mnemonic devices. The characters presented correspond to the vocabulary introduced in *Integrated Chinese, Level 1 Part 1*, making *The Way of Chinese Characters* a perfect character-learning companion for students of Integrated Chinese, or any beginning Chinese course. In traditional characters, pinyin, and English, with a simplified character appendix.

PINTONE 2007

By Shou-hsin Teng

This Windows® compatible software installs in two easy steps and works seamlessly with Microsoft® Word™. Within a Word document, users simply type pinyin syllables with tone numbers, or type Chinese characters, and a click of the appropriate Pintone icon on your toolbar will automatically convert the desired text to pinyin syllables with tone marks. This software is a great self-testing tool for those still learning their tones, and makes typing in pinyin much easier for teachers and students alike. A necessary tool for all learners of Chinese.

OPEN FOR BUSINESS CONVERSATIONS DVD & TRANSCRIPT
新世纪商用汉语

By Jane C. M. Kuo

Developed in response to users of Dr. Kuo's acclaimed *Open for Business* readers, this conversations DVD with transcript enhances the practical application of intermediate to advanced oral/aural learning within a business Chinese context. These materials correspond to both volumes of *Open for Business* and contain dialogues on topics presented in the texts. This package is a great addition to the series and to real-world business language education. **Available January 2007**.
