2006 Summer Intensive Chinese Language & Culture Study Pro- gram in China, Taipei Language Institute (TLI)

Taipei Language Institute (TLI) has been a pioneer in Chinese language education since its founding in 1956 and has expanded its locations from Taiwan to mainland China and Japan, as well as in the United States. For over half a century, TLI has provided Chi-

nese language education to foreign students from five continents. More than 100,000 students have completed its courses to date and have become bilingual experts in the fields of business and politics. In celebration of TLI's 50th Anniversary, and in collaboration with the University of International Business and Economics (UIBE) and the Chung Shan Institute of International Studies (CSI-TLI Group), we are co-hosting the 2006 Summer Intensive Chinese Language & Culture Study Program in China. This is a six-weeks long program combining learning, travel and fun at the University of International Business and Economics. This mission is to improve Chinese language skills and cultural awareness among youths and to provide them a fun atmosphere to help them learn. Located in the heart of Beijing the study tour will begin from July 1st to August 5th. Seating will be limited, and registration has already begun.
