

# 中文教学的现代工具

## SOFTWARE FOR TEACHING CHINESE

# ChineseTA™

《中文助教™》(ChineseTA™)是一个针对中文教师编写教材和日常备课的实际需要而开发的现代化工具软件。该软件集成了很多独创而且实用的功能。编写成套教材或平常备课中准备教学材料都涉及到很多费时费力而且容易出错的工作,比如文本注音、繁简字转换对照、做生词生字表、词语翻译注释、字词使用的统计分析索引、字词常用度和 HSK 等级标示等等。在《中文助教™》提供的环境中,这些事情都能迅速方便地完成。还有像字词选择和分布控制、教材用字用词的纵向连贯和横向比较等工作,以前想做但很难做到,在《中文助教™》里可以轻松实现。《中文助教™》不仅为中文教师提供便利、节省时间,也能从多方面帮助教师提高教材的质量。对于汉语语言学的研究人员和语言文字编辑工作者来说,《中文助教™》里的一些字词处理、统计和注音、注释等功能也能为他们的工作提供很多帮助。

"With ChineseTA™, tasks that used to take me several days to finish can now be completed in just a few seconds."  
—Tao-chung Yao, Professor of Chinese, University of Hawaii

"ChineseTA™ is the software for Chinese language teachers who can 'type once and get all at once'."  
—Tianwei Xie, Associate Professor of Chinese, California State University, Long Beach

"ChineseTA™ is amazing ... You have to experience it to believe it."  
—Hongyin Tao, Associate Professor of Chinese and Linguistics, UCLA

只有语言学、语言教学和现代技术的完美结合,才能让编写教材变得这么方便、快捷、准确、得心应手。  
—崔永华,北京语言大学中文教授

《中文助教》的价值不仅仅在于把教材编写者从繁琐的简单重复工作中解放出来,更体现在它提供了一个检查语料难度的标尺。若要编写一本好的教材,尤其是系列教材,这个标尺是必不可少的。

—刘珣,《实用汉语课本》主编,北京语言大学中文教授

"ChineseTA™ is revolutionary..." —John Jing-hua Yin, Associate Professor of Chinese, University of Vermont

"I am sure that any Chinese program around the word will benefit from having at least one ChineseTA™."  
—Ying-che Li, Professor of Chinese, University of Hawaii

"[The teachers] were amazed how such a well designed integrated computer software can enable Chinese teachers to create, adjust and evaluate their teaching materials to adapt to the needs of their students."  
—CLASS News Update, Spring 2005
