本書選取了十二個外國人常會接觸或有所聞的中國圖符為主題，包括：十二生肖、龍、鳳、太極圖、八卦、紅雙囍、福、壽、中國結、門神、獅子和玉。每主題下有三篇短小的中文文章從不同角度介紹主題，讓漢語學習者在鍛煉閱讀能力之餘了解這些圖符與中國人生活和文化的關係。

In Western countries, creatures such as dragons and bats are seen as signs of evil. In China, they are actually associated with prosperity and fortune. This fascinating set of 12 essays includes the importance of auspicious animals, the influence of Taichi, the important roles of deities, and much more. These readings will enable students to understand the important symbols and cultural icons in the Chinese society.

The Chinese Language Test Database for Schools is specially designed to cater towards the needs of teachers by assisting in the handling of huge volumes of test papers. The system can automatically generate test papers according to the contents from three incorporated Chinese textbooks or according to the current HSK examination standards. In addition, it can assist teachers in creating a test paper database to facilitate future access to previously created test papers from any grade level at any time, greatly improving efficiency for teachers.

- Create customizable test papers from a huge selection of questions specially designed to the HSK (Hanyu Shuiping Kaoshi) examination standards. Included Chinese textbooks: “Integrated Chinese”, “HanYu” & “New Practical Chinese Reader”
- Manage, archive, and edit previously created test papers.
- Upload and analyze test scores with built-in analysis system.
- Compare and contrast archived test scores and statistics from different classes for each individual test paper
